OVERVIEW

**Legal Era Women Lawyers Network is organising
the 4th Annual Women Leadership Summit & Awards 2022
on 27th August 2022 at The Imperial, New Delhi.**

Women lawyers are making great strides.

Whether it is shaping the law, advising on complex matters, handling cross-functional roles, cracking multi-jurisdictional transactions, taking on pro-bono work, or being outstanding jurists, women lawyers across the world are a force to reckon with.

And the Legal Era Women Lawyers Network (LWLN) brings them together under one tight-knit Community. LWLN is an exclusive association of the most competent and most credible women stalwarts, luminaries, experts, litigators, corporate counsels, and young and upcoming rising stars.

Unlike other women-only associations, the LWLN goes beyond being a community focussed on gender-specific issues to serve the fast-evolving and diversified needs of ambitious women lawyers who wish to make a difference to the legal profession and the industry across roles, geographies, practice areas, and career stages.

All the same, challenges exist. There are barriers to break. There is work to be done.

Legal Era understands that women lawyers are globally demanding a level playing field and have the zeal to take up responsibilities and roles that are opportunities to solve cutting-edge legal issues.

The 4th Annual Women in Law Excellence Awards and Summit brings you exciting panel discussions, fiery keynote addresses, and opportunities to hear from and interact with the game-changers and trailblazers themselves.

As Legal Era - Legal Media Group once again serves as a global platform to recognize the women who have achieved professional excellence and dynamic success in the world of law.

Here's your chance to spread your wing and scale further heights of spectacular success.

We invite you to become the Voice of this Unique Community of Women Leaders & Lawyers.

**Join us to become a part of the Women Lawyers Network
Learn, Engage, Develop & Grow**
